

The Apple Collection

Nineteen Hundred Eighty-Eight
Two Dollars

Apple Computer was founded to bring people and computers closer together.

And The Apple Collection™ was founded to celebrate that closeness.

Today the catalog is filled with products that make using Apple® computers more convenient, more efficient, and more fun. Our products aren't for the computers. They're for the people who like using them. There are products for working, playing, traveling, organizing, learning, and even for going to the beach. They come from different companies around the world, companies whose designers share our passion for high-quality materials and outstanding design. These product designers range from world-famous artists to a kindergartner in Iowa who had a better idea for a T-shirt.

All the products you'll find on these pages have three very important things in common.

First, they're all made of the highest-quality materials available.

Second, they all carry the Apple logo, your assurance that we stand behind everything we offer.

And third, they come with a 30-day, no-arguments, money-back guarantee.

We sincerely hope you like the products in *our* Collection enough to add them to *your* collection.

— The People at
The Apple Collection

A. MacTable and Cabinet

A. Where do you put your computer?

What if you were to design a table around the two most important things at the table—your Macintosh® and you? You'd probably design MacTable. Its four interchangeable adjustable surfaces can be mounted in different positions to accommodate your Macintosh or Apple IIgs® system. All surfaces tilt for comfortable working and viewing angles. Platinum gray surfaces with beechwood trim. Dimensions: 30" x 60" x 28"

The matching MacTable Cabinet is on casters and fits under the MacTable, or next to it with a LaserWriter® printer on top. Or, because its back is open, you can put an ImageWriter® printer on top and feed it from a stack of fan-fold paper stored inside. The locking drawer is divided, and holds over one hundred 3.5-inch disks. Dimensions: 18" x 18.5" x 30"
MacTable #0921, \$289
MacTable Cabinet #0922, \$139

B. Director's Chair

C. Wooden Disk Box

B. The finest director's chair made.

In our search for something great to sit on at the computer, we've come across a slew of inferior director's chairs. Not these. These are the ones we use ourselves. The Apple director's chair has a natural-colored lacquered hardwood frame. The seat and back—with Apple logo and name—are of washable 18 oz. heavy-weight canvas.

Apple Director's Chair #0905, \$39

Set of Two Apple Director's Chairs #0906, \$73.95

C. The world's smallest filing cabinet.

An elegant place to store your 3.5-inch disks, this box keeps 100 of them safe from coffee spills and dust. Complete with removable wooden dividers. Wooden Disk Box #0622, \$39

D. Because there are times when you want your desk back. Computers have done wonders for the work we do, but in most cases, the place where we do that work wasn't designed for a computer. Our Computer Mover's swiveling platform allows you to slide your computer wherever you want it on your desk. One end of its 15-inch pivoting track clamps to the back or the side of your desk, the other to the platform. Its four high-load casters allow it to move up to 125 pounds of computer, monitor, mouse, keyboard, and hard disk. Black. Computer Mover #0635, \$129

D. Computer Mover

E. Put your copy exactly where you want it. Two problems with most copyholders are that they use magnets, which wreak havoc on floppy disks, and they take up valuable desk space. So our copyholder has a spring clamp instead of a magnet, and its base slides right under either side of your computer or hard disk. It has a transparent guide bar and an adjustable arm that lets you position your copy right where you want it. The platinum color matches the new Macintosh and Apple II computers. Copyholder #0640, \$36

E. Copyholder

F. Just how fast can your mouse run? This tough Teflon-faced, foam-rubber-backed pad provides exactly the right amount of friction for your mouse. It also reduces static so dust doesn't get into the mouse's innards. The platinum color matches the new Macintosh and Apple II computers. Speed Mouse Pad #0526, \$16

F. Speed Mouse Pad

G. Disk Carousel

G. "Where'd I put that disk?" If you had this carousel next to your Macintosh computer, you'd find your disk in one quick spin. It keeps up to 100 of your disks right where you need them. The indexed carousel also works for 3.5-inch Apple® II disks—and you can even stack two or more carousels. Specify platinum gray (which matches the new Macintosh and Apple II computers) or black. Disk Carousel #0609, \$32

A. Take your Macintosh on the road.

Snuggle it under an airline seat in this sturdy, water-resistant Cordura nylon bag. The bag has soft padding and pockets for your Macintosh, mouse, cables, external drive, and either a Macintosh Plus or extended keyboard. The shoulder strap is adjustable; the shoulder pad and handle are leather. Warm-water washable with mild detergent. Black. Dimensions: 14.5" x 10.5" x 17."

**Nylon Macintosh Bag
#7616, \$89**

A. Nylon Macintosh Bag

B. Keep your disks safe and in sight.

This acrylic disk box with tiered, colored dividers helps you organize your disks. Dividers flip forward so you can see all your disk labels quickly. Holds twenty-five 3.5-inch disks.

3.5-inch Disk Box #0610, \$18

B. Disk Box

C. Think of it as disk luggage. Our nylon disk wallet holds six 3.5-inch disks. It keeps disks safe from their archenemy—dust. The wallet fits in inside jacket pockets. Black or navy with Velcro closure.

**3.5-inch Disk Wallet
#0625, \$14**

C. Disk Wallet

D. Don't leave your printer behind.

This black case of padded Cordura nylon allows your Macintosh to bring along its favorite traveling companion—the ImageWriter or ImageWriter II printer. And there's room for your printer manuals or blank paper as well, in the Velcro-closed pocket inside. Outside, there's a leather shoulder pad and handle. Should you decide to leave the printer behind, this bag does double duty as a roomy overnight bag. Warm-water washable with mild detergent. Black. Dimensions: 17" x 13" x 8"

Ordering from The Apple Collection™

To place an order by phone, call toll-free 800-752-5204.

Call us anytime Monday through Friday between 8 A.M. and midnight (Eastern standard time). We'll calculate the sales tax and shipping costs for you. Remember that all phone orders must be paid by credit card.

To place an order by mail.

Complete the order form by following these steps:

1. First, give us your billing address.

Remove the mailing label with your name on it from the back cover of this catalog and place that label where indicated above. If the address on the label is incorrect, please place it in the box anyway, then write the correct address in the space below the label. Be sure to include today's date in the space provided.

If there is no mailing label, please write in your name and address for us.

2. Give us your shipping address.

UPS does not deliver to post office box numbers, so please give us your street address or, if you're using a rural route number, provide us with the nearest crossroads.

If you are at your office during regular business hours, we suggest you use that address as a shipping address. If you want your selections shipped to a friend, please give us your friend's name and address in the space titled "Your Shipping Address."

3. Tell us how you wish to pay.

Please fill in all the blanks in the "Payment Information" section.

4. Describe your selections.

Describe each item you've selected, including catalog number, quantity, name or description, color, size, unit price, and total price.

5. Add your sales tax.

We are required by federal law to collect sales tax on all products we ship. So please add your local sales tax to your subtotal. Shipping and handling charges are not taxed.

6. Add the shipping and handling charge.

We try to ship within 72 hours of receiving your order and via UPS whenever possible. Please use Chart A to calculate your charge. If you are ordering a MacTable and/or Cabinet, you must also add \$20 (see Chart B). Rush shipping and international ordering instructions are given in step 7.

In the unlikely event that we cannot ship an item within 30 days, we'll notify you and give you the option to cancel. Items ordered together aren't necessarily shipped together. Though your order will probably arrive sooner, you should allow 4 to 6 weeks for delivery.

7. Do you want "rush" shipping?

If you do, be sure to enter the correct charge (see Chart B) in the space provided. Rush charges are in addition to the regular shipping and handling charge (see Chart A).

International orders.

All international orders must be prepaid in full, either in U.S. currency or with a credit card paying U.S. currency. To order by phone from outside the United States, please call (301) 548-9736 between 8 A.M. and midnight (Eastern standard time). Please be sure to add both the regular shipping charge (Chart A) and the international delivery 1st class postage fee (Chart B). Allow at least 4 to 6 weeks for delivery.

Customer service.

If you have any questions concerning an order you have placed, please call our Customer Service Department at 800-752-5203 Monday through Friday, 9 A.M. to 7 P.M. (Eastern standard time), or write us at:

A. Shop till you drop.

It folds up to travel inconspicuously, but a whole day of shopping might not fill it up. With its heavy-duty canvas construction and double-stitched seams, it can actually hold a hundred pounds of whatever you want to carry. Or you could just throw a couple of towels in it and hightail it to the beach. **Big Canvas Bag #7955, \$29**

A. Canvas Bag

B. Apple Beach Towel

B. A luxurious place on the beach.

Our extra-thick, extra-large 36" x 70" velour/looped cotton terry towel is the biggest, thickest towel we could find. We promise you'll love it. **Apple Towel #0773, \$25**

C. Have a cup.

These large ceramic coffee mugs hold 12 oz. of coffee, tea, or whatever you drink when you sit at your computer. **Apple Mug #0275, \$6.50**

C. Coffee Mug

D. Umbrella

D. "It never rains in California." Baloney. It rains everywhere. When it does, have our sturdy cotton poplin umbrella at the ready. There's even room under it for a friend. The solid wood shaft and handle make it sturdy; the brass tip makes it tough. **Umbrella #0289, \$28**

E. Always keep a change of clothes in your trunk.

This bag is as great for carrying your sweats to the gym as it is for holding them in an overhead compartment on a flight to Aspen—or Cancún. The interior is plastic-coated nylon to keep wet things out or in, as the case may be. With padded shoulder strap and outside zipper pocket. Choose from black, navy, or smoke. Dimensions: 19" x 10".

Nylon Duffle #9430, \$32

E. Nylon Duffle

F. Don't forget your passport.

A large zippered compartment can hold your currency, airline tickets, or maps. Then there's a separate waterproof pocket to keep stamps, film, and passport within easy reach. And a zippered mesh pocket on top keeps other things in plain view. Or it could hold other travel stuff—like sunglasses, camera, shaving kit (or curling iron). We designed the bag with a ring so you can hang it up (for example, on the bathroom door). Or you can fold it up and close it with an adjustable buckled nylon strap.

Dimensions: 12" x 17.5" x 2.25" open, 12" x 4.5" x 2.25" closed.

Travel Kit #8914, \$18

F. Travel Kit

G. For your books or overnight supplies.

This daypack is made by Caribou to our specifications from tough 420-denier nylon packcloth. It measures 15.5" x 11.5" x 5" and has two front zipper pockets. It has adjustable padded shoulder straps, metal zippers, and reinforced seams. Choose from smoke, royal blue, or red.

Daypack #9400, \$26

G. Daypack

A. We wanted a pocket for everything.

We designed this attaché for us. And for you. We started with the toughest ballistic nylon and reinforced it at stress points with leather. On the outside we put one zipper pocket for things like airline tickets, and one open pocket for stashing today's newspaper while running to your boarding gate. Inside, we started with five legal-size divider pockets, then added two disk pockets and three pen/pencil pockets. When we saw how much it would hold, we added a removable, steel-clasped, leather-reinforced shoulder strap along with a sturdy leather-bound carrying handle. If you've got to take a lot of your business with you, we strongly suggest that you take it in this attaché.

The perfect place to put your computer to work.

What if you were to design a table around the two most important things at the table—your Macintosh® and you? You'd probably design MacTable. Its four interchangeable adjustable surfaces can be mounted in different positions to accommodate your Macintosh or Apple IIgs® system. All surfaces tilt for comfortable working and viewing angles. Platinum gray surfaces with beechwood trim. Dimensions: 30" x 60" x 28."

The matching MacTable Cabinet is on casters and fits under the MacTable, or next to it with a LaserWriter® printer on top. Or, because its back is open, you can put an ImageWriter® printer on top with a box of paper inside. The locking drawer is divided, and holds over one hundred 3.5-inch disks. Dimensions: 18" x 18.5" x 30."
